

Team Meeting: Land Use Change & Infectious Diseases

Time of Event:

Monday, June 1, 2015 - 09:00 to Friday, June 5, 2015 - 17:00

"Land Use Change & Infectious Diseases" Venture meeting

This is a closed meeting for a funded synthesis group of visiting scholars.

This project's goal is to understand the impact of land use change on disease ecology to minimize disease risk and maximize direct and indirect economic benefits. The framework developed in this effort will ultimately be adaptable to examine the interactions between land use change and a broad variety of pathogens.
