

Team Meeting: Adaptive Water Governance

Time of Event:

Monday, June 8, 2015 - 09:00 to Thursday, June 11, 2015 - 17:00

Social-ecological System Resilience, Climate Change, & Adaptive Water Governance

This is a closed meeting for a funded synthesis group of visiting scholars.

This Pursuit seeks to explore whether criteria and models can be developed to link ecological resilience and the policies governing the process of water management in complex, multi-jurisdictional water basins, and will contribute to the growing effort to connect concepts from science to policy decisions and to move social-ecological systems toward greater sustainability.
