

## Teaching Socio-Environmental Synthesis with Case Studies

### **Time of Event:**

Tuesday, July 28, 2015 - 09:00 to Friday, July 31, 2015 - 17:00

This is a closed short course.

The goals of the short course are to:

- Introduce participants to socio-environmental (S-E) synthesis as a problem-solving approach.
- Engage participants in advancing the teaching of S-E synthesis and related concepts and competencies.
- Enable participants to use a powerful and effective teaching approach, the case study method, to teach S-E synthesis.
- Support participants in developing their own case study classroom activity that can be used in their classrooms and shared on the SESYNC website.
