

## Team Meeting: Policy Evaluation Tool

### Time of Event:

Monday, October 17, 2016 - 09:00 to Tuesday, October 18, 2016 - 17:00

### "Policy Evaluation Tool" team meeting

This is a closed meeting for a funded synthesis group of visiting scholars.

This project aims to:

- compile the requisite fine-scale spatial data for all of Mesoamerica;
- build a first-ever computational tool for evaluating forest conservation policies that is freely available, web-based, user-friendly, and that has the aforementioned data on-board;
- conduct a series of workshops to train an initial set of key stakeholders to use the tool; and
- build a virtual library of evaluations conducted with the tool, and a network of evaluators.
