Video Resources

We offer here just a few resources associated with the topics presented in each video.

**Part 1: Understanding environmental problems through a socio-environmental lens**

Stockholm Resilience Centre. 2013. Feedbacks in socio-ecological systems. [https://www.youtube.com/watch?v=sOmrRob-7xM4](https://www.youtube.com/watch?v=sOmrRob-7xM4) [6]

**Part 2: Synthesis research and team science process to address socio-environmental problems**

The Integration and Implementation Insights blog managed by Dr. Gabriele Bammer: [https://i2insights.org/about/](https://i2insights.org/about/) [7]

**Part 3: Approaches and methods to integrate diverse socio-environmental data**

DataONE. A resource for resource for training in data sharing, ethics, and informatics. [https://www.dataone.org/](https://www.dataone.org/) [17]

Data Carpentry. Resources and training to teach researchers fundamental data skills. [http://www.datacarpentry.org/](http://www.datacarpentry.org/) [18]
