A Note about the Coronavirus Crisis

Mar 16, 2020

Dear SESYNC Community,

In light of the serious situation surrounding COVID-19 in the United States and abroad, SESYNC, under guidance from the University of Maryland [1], has suspended all travel-related activities for 60 days. These activities include previously scheduled workshops, pursuit meetings, and seminars. Protecting the health and safety of our researchers, staff, and guests remains our top priority, and we are committed to working with teams remotely to help them maintain momentum on their research throughout this period. For any questions or assistance, please email us at research@sesync.org [2].

We appreciate your continued understanding and patience during this time. We will reach out to our affected research teams as soon as we receive more clarity about the situation and plans forward.

Sincerely,
SESYNC

Audience:
Researcher [3]
Educator [4]
Cyberinfrastructure [5]
