## Seminar: Collaborative Science: Designing the Future

**Presenter:**

Dr. Susan Winter, Lecturer and Assistant Program Director, University of Maryland, College Park

**Time of Event:**

Tuesday, September 24, 2013 - 12:30

The National Socio-Environmental Synthesis Center (SESYNC)  
1 Park Place, Suite 300  
Annapolis, MD 21401

Dr. Susan Winter is a Lecturer and Assistant Program Director of the Master of Information Management (MIM) program at the iSchool, University of Maryland (UMD). Before joining the faculty at UMD, Susan was Program Director of Cyberinfrastructure at the National Science Foundation. She received her PhD from the University of Arizona, her MA from the Claremont Graduate University, and her BA from the University of California, Berkeley. She has more than 20 years of international managerial and consulting experience. Her research on the impact of information and communication technology on the organization of work has resulted in more than 20 publications, seven grants, and 30 refereed conference presentations (including three Best Paper awards).

**Event type:**

Seminar
