

Team Meeting: A Restoration Synthesis

Time of Event:

Wednesday, November 5, 2014 - 09:00 to Friday, November 7, 2014 - 17:00

"Feedbacks between Biodiversity & Ecosystem Functions & Services During the Recovery Process of Restored Ecosystems after Anthropogenic Disturbance" Pursuit meeting

This is a closed meeting for a funded synthesis group of visiting scholars.

This research will investigate the pattern and timing of recovery of both biodiversity and ecosystem functions and services in ecosystems following large-scale disturbances (agriculture, damming, eutrophication, hurricane/cyclones, invasive species, logging, oil spills, and overfishing).
